Who We Are

ClearPath Aligners is a pioneering **aligner manufacturing company** dedicated to advancing the future of orthodontics.

Founded with a focus on manufacturing high-quality clear aligners, we have proudly transformed over **300,000** smiles across multiple continents.

Why Partner with us

Today, we are evolving beyond aligner production – repositioning ourselves as a comprehensive digital orthodontic ecosystem that empowers dental professionals and transforms patient care.

Our vision is to make advanced, accessible, and aesthetically superior orthodontic solutions available across the globe.

Through strategic partnerships, we aim to collaborate with forward-thinking organizations that share our commitment to innovation, education, and impact.
